KANEBRIDGE CORPORATION

# MILITARY HARDWARE

# 2015 Military Fasteners

## KANEBRIDGE

# MILITARY-GRADE FASTENERS THAT SHIP THE SAME DAY

### *New in This Catalog*

#### **New Categories:**

- **MS35265** Drilled Slot Fillister Mach Scr-Coarse, Stl Cad
- **MS35266** Drilled Slot Fillister Mach Scr-Fine, Stl Cad
- **MS15795** Flat Washers, Black Ox over 300-series SS
- **NAS620** Flat Washers, 300-series SS

#### **New Sizes Added:**

- **MS24693** 100° Flat Phillips, 18-8 SS
- **MS35275** Drilled Slot Fillister Mach Scr-Coarse, SS
- **MS15795** Flat Washers, 300-series SS
- **MS51957** Pan Phil Mach Scr-Coarse, 18-8 SS
- **MS35338** Split Lock Washers, Stl Zinc Yellow

### *Contact Us*

**Call us:** (888-222-9221)

**Fax us:** (201-337-2301)

**Go online:** [www.kanebridge.com](http://www.kanebridge.com)

### *Our Specialty*

Over **99% of the items** we sell are available from our shelves **today!** That includes military & commercial fasteners, steel & stainless, inch-sized & metric parts. All orders placed by 5PM can ship the same day.

### *All of our Military-Grade Products*

This booklet lists our most current selection of military-grade fasteners. This includes steel and stainless items in various finishes.

For each item, we list the size, description and Kanebridge carton quantity. That quantity is the minimum order amount for each item. There is no dollar minimum requirement to place an order with Kanebridge.

### *Same-Day Shipping until 5:00 PM*

- **UPS & FedEx** pick-up from each of our branches daily. For larger shipments, we can arrange for your preferred common carrier to pick-up your order—usually the same day.
- Will-Call orders can be picked up within 1 hour.
- Our Customer Service Department can be reached Monday-Friday from **7:30 AM - 8:00 PM** Eastern.

## Kanebridge is a QSLD-Approved Supplier for threaded Military-grade fasteners

### Q: What does QSLD-approval mean?

**K** : The Defense Supply Center Philadelphia (DSCP) has a Qualified Suppliers List for Distributors (QSLD) for Class 2 Threaded Fasteners identifying pre-qualified sources for certain products purchased by DSCP. Distributors on this list are recognized by DSCP as meeting all necessary criteria, particularly regarding quality control, to sell specified fasteners that are ultimately sold to DSCP. Since August 17, 2006 Kanebridge is approved by DSCP as having met all of the requirements to be such a distributor.

So any military-grade parts sold from Kanebridge's Elgin, Illinois facility, that were purchased from and made by a QSLM-approved manufacturer can be purchased by another distributor on the QSLD-Approved list for resale to DSCP.

If you are a QSLD-Approved distributor, congratulations! Kanebridge completes the chain of distribution that gives you a reliable source for fully certified, military-grade hardware that ships the same day.

### Q: What Kanebridge items are QSLD-approved?

**K** : At this time, all of these product lines are purchased from QSLM-approved manufacturers:

- ASME B18.2.1 Grade-BD hex cap screws
- MS16997 Socket Head cap screws
- MS24693 Phillips 100° Flat machine screws
- MS35206 Phillips Pan Coarse machine screws
- MS35207 Phillips Pan Fine machine screws
- MS35275 Coarse Drilled Fillister mach. screws
- MS35276 Fine Drilled Fillister mach. screws
- MS35307 Coarse Hex Cap Screws, 18-8 SS
- MS35308 Fine Hex Cap Screws, 18-8 SS
- MS51957 Phil Pan Coarse machine screws: 18-8 and 18-8 w/Black Oxide finish
- MS51958 Phillips Pan Fine machine screws: 18-8 and 18-8 w/Black Oxide finish
- MS51959 Phil 82° Flat Coarse mach screws, 18-8
- MS51960 Phillips 82° Flat Fine mach screws, 18-8
- MS51967 Grade-B Finished Hex Nuts
- MS51967 Grade-C Finished Hex Nuts
- NAS 1351 Socket Cap Screws-Fine thread, SS
- NAS 1352 Socket Cap Screws-Coarse thread, SS

## Trust Kanebridge for the Largest Selection of Grade-BD Cap Screws that meet ALL Plating & Post-Plating Specifications

### Q: What type of steel are Kanebridge's Grade-BD cap screws made from?

**K** : Per military requirements, the ASTM A354 Grade BD cap screws are made from medium carbon fine grain alloy steels which conform to the requirements of AISI alloy steels. All of these materials are fine grained to provide the high levels of strength and toughness which are required in these critical fasteners. **Specific steel grades are chosen not only to meet the alloy steel requirements as listed in ASTM A354, but to provide the required hardenability.** This insures that the final product offers the correct mechanical properties to meet all military specifications.

### Q: Do Kanebridge's Grade-BD cap screws meet the revised ASTM B633 plating specification, including the heat treating and baking requirements the standard specifies?

**K** : Yes. The ASTM B633 standard was revised in 2007. One of the changes con-

cerned the amount of time certain fasteners are baked to reduce the effects of hydrogen embrittlement. Prior to this revision, plated Grade-BD cap screws were required to be baked for at least 4 hours at a temperature of 190°C to 220°C. **The new standard calls for these parts to be baked for at least 10 hours at 190°C to 220°C. All of our manufacturers meet this standard.**

### Q: There are special requirements for how promptly these parts are to be baked after plating. How can I assure my customers your Grade-BD cap screws meet these standards?

**K** : The requirements you refer to are also delineated in ASTM B633, section 6.5. This section addresses **post-plating** treatment to reduce the effects of hydrogen embrittlement; specifically, the time gap between plating and baking. **This treatment must be done within 4 hours of the electroplating operation. Rest assured—all of our manufacturers meet this standard.**

## Complete Military Certification at No Charge to You!

### Q: Do the certifications you furnish include the mil-spec part numbers?

**K** : Yes, all of our military certifications include the applicable military part number, including the ASME part numbers for all Grade BD high alloy hex cap screws.

Kanebridge furnishes these certifications at no charge. You can also easily download them from our website at [www.kanebridge.com](http://www.kanebridge.com).

## The Facts about Military Fasteners and DFARS Compliance

### Q: I am getting more requests for military parts that are "DFARS-compliant". Are Kanebridge's military parts DFARS-compliant?

**K** : DFARS-compliance pertains to any fasteners made from a specialty steel or high alloy steel. This definition includes all stainless steel parts and all Grade-BD parts. All of the military fasteners sold by Kanebridge that are stainless or alloy steels are DFARS-compliant.

**All of the MS90725 and MS90726 Grade-5 cap screws sold by Kanebridge are DFARS-compliant.** Grade-5's are subject to DFARS regulations if made from steel with a Chromium content of 0.26% or greater. All of the MS90725 and MS90726 Grade-5 cap screws that Kanebridge sells are manufactured from 4037M steel. This steel has a Chromium content of 0.27%. Therefore, these parts are subject to DFARS-compliance.
