Natural & Black Finishes

ELECTRONIC HARDWARE

Clinch Nuts & Studs:

Enable components to be fastened to relatively thin metal panels without requiring access to the “blind” side of fastening. When properly installed, the self-clinching fastener provides load-bearing threads, is reusable and holds its position even after absorbing measured torque loads.

Self-Clinching Standoffs:

Allows for the layering and/or spacing of multiple components.

Cable Clamps:

Offer a means to permanently attach cables/wires to electronic enclosures without requiring threaded fasteners or glues.

Panel Fasteners:

Can be used in a wide range of circuit boards, control panels, access ports and removable units. Their primary purpose is to mount panels, doors and other hardware components in areas with limited access. The spring-loaded design help prevent lost hardware and damage created by dropping fasteners into operating equipment. Fasteners can be tightened or loosened with either screwdrivers or finger pressure.

Spacers & Standoffs:

Serve multiple purposes including:

- Provides sufficient spacing between stacked components to guard against overheating.
- Position materials or panels at precise distances from each other. These can include circuit boards, panels, gears or doors.

Jack Screws:

Mounts D-subminiature connectors to a metal panel, such as the housing of a personal computer tower.

How These Items Are Used

A REFERENCE BOOK DESIGNED SPECIFICALLY FOR PEOPLE LIKE US

Easy to Understand. Answers to the Questions We Always Hear. A Must Have!

WHAT'S INCLUDED

- 670+ pages
- Over 800 products profiled (including over 100 new in this edition)
- Metric section is 40% larger
- Brand new Woodworking Screw section
- Latest revisions from ASME, ASTM & SAE standards are included
- Updates on the Latest Performance Requirements, including (where applicable):
 - Tensile Strength
 - Hardness
 - Proof Load
 - Dimensional Specifications
 - Heat Treatment Guidelines
- Many new Thread-Rolling, Self-Drilling & Sems specifications
- Many more performance standards for Stainless, Brass & other materials, as well as Carbon Steel

Includes 20 pages of Electronic Hardware Specifications.

Try it Risk-Free for 30 Days! If you decide not to keep it, contact our Customer Service Department and return it for a full refund.

KANEBRIDGE

*sells **EXCLUSIVELY***

TO DISTRIBUTORS ONLY.

How many of your other suppliers
can make the same claim?

Customer Protection

Kanebridge won't sell to OEMs or End Users. We don't compete with our customers.

Password Protected

Only distributors with registered PIN-codes can access pricing and technical info from our website.

Timeless Policy

Kanebridge has maintained this policy for over thirty years. It's one reason why so many distributors trust us to Drop Ship their orders, when necessary.

THE KANEBRIDGE ADVANTAGE

Over 43,000 Items

Kanebridge is a master distributor with over 43,000 items in inventory, including almost 10,000 stainless steel and 2,000 Military fasteners.

Order By Credit Card

We accept Visa, MasterCard, Discover and American Express for new sales orders and outstanding balances.

Same-Day Shipping

All orders placed by 5pm can ship the same day when using UPS. Emergency orders are ready within one hour. Airfreight orders placed by 8pm EST (5pm PST) can ship same day (based on stock availability in our California warehouse).

Free Certifications

Chemical & Physical certifications are available on all thru-hardened parts and all items made to military specifications. We also keep all certifications on file and properly archived. Access any certification anytime you need it at no charge.

Fastener Specification Guide

Kanebridge's newest 6th edition of its ***Fastener Specification Guide*** is available from stock in all 3 of our branches. This hard cover reference volume is the most comprehensive and up-to-date collection of fastener specifications Kanebridge has ever offered. The ***Specification Guide*** can also be accessed online at www.kanebridge.com.

No Fault Return Policy

We will accept returns of full carton quantities for any reason. There is no restocking charge on items returned within 30 days, without any alterations and accompanied with a return authorization. Material returned after 30 days will be subject to a 20% restocking charge; after 90 days returns may not be accepted. We prefer returns in our original boxes and lots must not be mingled. Thru-hardened or military grade fasteners will not be accepted unless returned in the original box(es).

99% Service Level

99% of the items listed in this catalog are available from stock every day from one of our three warehouses located coast to coast: New Jersey, Illinois and California.

Traceability

Lot control is maintained on all items in our inventory.

Drop-Shipping

Kanebridge can ship orders directly to your customer with a packing list and shipping label that show you as the vendor. Combine with our Custom Label service for a simplified method of shipment.

Custom Labeling

Streamline your receiving operations by letting Kanebridge affix custom labels to each box you order. Include any information you need; part number, part description, lot number and country of origin in alphanumeric and/or bar code formats.
