Your Item Number

RS57T

# 3 WAYS TO ADD YOUR OWN PART NUMBERS TO OUR DATABASE

## WHENEVER YOU PLACE AN ONLINE ORDER

Anytime you place an order for an item online, a field is made available where the customer Part Number can be added for each line item ordered.

## SUBMIT YOUR LIST ONLINE

Customers can submit an entire list of items online—without placing them on order (up to 30 items at a time, example on the right).

1. Login to Kanebridge (Required)
2. Go to the Products page
3. Click on “Item Number Match” at the bottom of the right column

## LET US DO IT FOR YOU!

Customers can submit a spreadsheet file to our Customer Service Department. The file must include one column with Kanebridge Part Numbers and another with the corresponding distributor Part Numbers.

## WHAT ARE THE ADVANTAGES?

### SPEED

The ability to use your company’s part numbers when ordering enhances the speed and accuracy of every transaction you make on FasNet™.

### FAMILIARITY

Once your part numbers are added to our database, they are included on all documents that accompany those items. Packing lists and invoices become easier to process because your organization is looking at information familiar to them.

# FASNET™ CORRESPONDING ITEM LIST

## TO ADD AN ITEM

Enter Kanebridge's Item Number and your equivalent Item Number to store your information in our database.

## TO REMOVE A PREVIOUSLY ENTERED ITEM

Enter Kanebridge's Item Number under "Item Number" and "**REMOVE**" under "Your Item Number". Once you submit the information, the Item Number will be removed.

Line	Item Number	Your Item Number	Line	Item Number	Your Item Number
